DEVONWAY

CAPABILITY STATEMENT

Audits & Assessments
Calibration Management
Chemical Inventory Management
Class Enrollment
Compliance Tracking
Computer Based Procedures
Configuration Management
Contract Deliverable Tracking
Document Change Requests
Document Control & Document Management
Dynamic Surveys
Electronic Work Package (eWP)
Employee Concerns
Engineering Configuration Management
Enterprise Asset Management (EAM)
Evaluated Supplier Lists
General Action Tracking
HR Management - Employee Onboarding, Offboarding
Human Performance Initiatives
Integrated Contractor Assurance System (iCAS)
Issues Management
Issues Tracking System (ITS)
IT Ticket Tracking
Lessons Learned
Lock Out / Tag Out
Lock Shop Service Request
Machine Learning Metrics & Modelling
Maintenance Work Requests
Management Awareness Events
Master Equipment List
Metrics & KPIs
Mobile Forms Platform
Mobile Inspections
Mobile Observations
Non-Conformance Reports
Operating Experiences
PAAA Screening
Performance Improvement Initiatives / Ideas & Suggestions
Process Improvement Initiatives
Project Tracking
Quality Inspections
Radiation Protection Incident Notifications (RPIN)
Radiation Safety Incident Notifications (RSIN)
Radiological Inventory Tracking System
Requirements & Compliance Management / SBMS
Risk Management
Software Quality Assurance Tracking
Supplier Management
System Health Reporting
Training Content Requests
Training/Certifications (EHS)
Training Oversight
Work Order Change Requests
Worker Qualifications & Training Requests

Core Competencies

Commercial Off-The-Shelf (COTS) software that helps federal agencies and prime contractors manage their Asset, Work, Quality, Environmental Health & Safety, and Regulatory Compliance programs.

- No-code, fully tailorable configurations minimize change management
- Automate operational workflows and eliminate paper and legacy systems
- Backwards-compatible, frequent platform upgrades keep customers current
- Connect to and extend systems of record with an open REST API
- Supported use cases in the list to the left

Differentiators

- No-code, fully configurable screens and process flows
- 100% project success rate
- Work performed by U.S. Citizens
- SaaS or on-premise
- Record-level security (e.g. UCNI, OUO)

- iOS, Android, and Windows apps
- In-memory enterprise search
- Ad hoc reports and analytics
- Trigger-based notifications
- Full data and workflow audit trail
- ISO 9001:2015 certified

Past Performance

Customers:

- Department of Energy Hanford Cleanup Site – 500 users (2018 – present)
- Idaho National Labs – 3,000 users (2013 – present)
- N3B Los Alamos – 1,000 users (2018 – present)
- NNSA National Laboratory – 13,500 users (2018 – present)
- Los Alamos National Laboratory – 2,000 users (2019 – present)
- Fortune 500 customers in Energy, Construction, and Life Sciences

Support for regulatory requirements such as:

- 10 CFR 851 – Worker Safety and Health Program
- 10 CFR 830 – Nuclear Safety Management
- DOE O 226.1B – Implementation of DOE Oversight Policy
- DOE O 227.1A – Independent Oversight Program
